

DINER'S DELIGHT . . . is the "Table of the Future" on exhibit at Brodawy Del Amo through Oct. 7. Designed for The Melamine Council, representing the manufacturers of melamine dinnerware, it offers diners startling innovations; pop-up TV, recessed food warmers, lighting selected to fit the mood, a jack for a telephone connection, and in the center, a sparkling fountain. Its unusual "guitar shape" accommodates any number, from two dining informally to eight formally. Hostess can control all the gadgets from under-the-table switches.

AiResearch Names Three Top Exces

Three new appointments in The Garrett Corp. AiResearch Manufacturing Co. of Los Angeles were announced today by Richard E. Palmer, division manager.

James V. Crawford has been promoted to the position of assistant manager of the Los Angeles division. Crawford had served as AiResearch's chief engineer and now fills the position formerly held by Palmer.

Dr. John Mason was promoted to chief engineer replacing Crawford Mason, a graduate of California Institute of Technology, was formerly chief of preliminary design for AiResearch.

Richard W. Winslow has been named chief of preliminary design. Associated with AiResearch for more than 10 years, Winslow was formerly chief mathematician for Continental Aviation and Engineering Corp. in Detroit and received an engineering master's degree from the University of Michigan.

Crawford, in his new assignment as assistant manager, will be able to utilize broad engineering capabilities and experience. He is a graduate of California Institute of Technology where he received a teaching fellowship, and a master's degree. He first joined AiResearch in 1941.

Advanced Gifts Campaign Kicked Off by Torrance Chest Officials

The 1960 Community Chest Advanced Gifts Campaign has been launched in Torrance at a recent kick-off meeting held at the Palms Restaurant. Volunteers will individually solicit Torrance businessmen who are in a position to make a generous gift.

Hosting this meeting was Torrance Advanced Gift Chairman Dr. Robert Jackson. "Too few people are aware," Dr. Jackson said, "of the enormous extent of the Chest services right here in Torrance. More than 9100 people in our city were helped in the past 12-month period by agencies supported by the Community Chest."

THE FOLLOWING figures will explain just some of the many services that have been provided in the City of Torrance.

The Boy Scouts list 2310 local boys participating in their program. Some 413 girls in this area are enrolled in the Camp Fire Girls. The Catholic Youth Organization served 413 young people in this area. The Girl Scouts list

2,513. The Holy Family Adoption Service aided 19 Torrance residents. The PTA Child Dental Program helped 64 children and this same organization's School Health Program helped 122 children.

OTHER AGENCIES which have helped Torrance citizens are the Salvation Army Family Service, which aided 39 people, and the Visiting Nurse Assn. of Los Angeles, which cared for 133 people. Also the YWCA had 1410 girls taking part in that activity.

The Orthopaedic Hospital provided highly skilled medical care for 74 area children. Some 134 Torrance children were admitted to the Children's Hospital Clinic and 202 became In Patients at this same institution.

God is True Power, Text For Sunday

That true power belongs to God, not to matter, is a central theme of the Lesson-Sermon entitled "Unreality" which will be read at Christian Science services today. The Golden Text is from Job (15:31). "Let not him that is deceived trust in vanity: for vanity shall be his recompense."

Spiritual selections will include the following: "God is our refuge and our strength, a very present help in trouble. Therefore will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea" (Ps. 46:1, 2).

In "Science and Health with Key to the Scriptures" Mary Baker Eddy declares, "Erring power is a material belief, a blind mis-called force, the offspring of will and not of wisdom, of the mortal mind and not of the immortal . . ."

Local Realtors Attend Statewide Convention

A delegation of Torrance Realtors are attending the 56th annual convention of the California Real Estate Assn. which opens in San Francisco today, according to Lee R. Dawson, president of the Torrance-Lomita Board of Realtors. The convention will be in session through Thursday.

Plymouth Holds Price Line; Valiants Lower

Factory retail prices on the 1961 Valiant, the Plymouth compact car, have been reduced on all models that were available last year, Harry E. Chesebrough, general manager of Plymouth - De Soto - Valiant Division and vice president of Chrysler Corp., announced today.

At the same time, Chesebrough said that the other three series of 1961 Plymouths—Savoy, Belvedere and Fury—will hold the price line for the second consecutive year.

All 1961 Plymouths will be on display in dealer showrooms on Thursday, Sept. 29.

Factory retail price of the Valiant V-100 four-door sedan is reduced \$36 and the V-100 two-door sedan, a body style new to the line this year, is priced \$56 less than the four-door sedan.

"Our 1961 prices reflect our efforts to bring to market improved and newly styled automobiles without price increases," Chesebrough said. "The major styling changes this year give the Plymouth an entirely new personality at no increase in price."
